MELAMIN

Izdelan iz 100 % recikliranih lesenih delcev in ima naslednje certifikate:

- FSC (Forest Stewardship Council);
- PEFC (Programme for the Endorsement of Forest Certification);
- CARB Phase 2 (zelo nizke emisije formaldehida < 0,09 ppm);

MELAMINE

Made with 100% recycled wood particles and certified as follows:

- FSC (Forest Stewardship Council);
- PEFC (Programme for the Endorsement of Forest Certification);
- CARB Phase 2 certification (very low formaldehyde emission < 0.09 ppm);

ROBNI TRAK (ABS)

100 % reciklabilen zahvaljujoč sestavi brez kislin, ki ne povzroča emisij škodljivih snovi za okolje ali človeka. Certificiran FSC.

EDGE (ABS)

100% recyclable thanks to its acid-free composition, which does not produce harmful emissions for the environment or for humans. FSC certified.

BARVE ZA KOVINSKE DELE

Uporabljene barve za kovinske dele so epoksidni praškasti premazi, zato ne vsebujejo hlapnih organskih spojin (VOC).

PAINTS FOR METAL PARTS

The paints used for metal components are epoxy powder coatings, therefore free of volatile organic compounds (VOCs).
